29 June 2022

To Whomsoever It May Concern

This is to confirm that Devarsh Patel had done an internship with us in our Mumbai office as part of the curriculum requirement with Mukesh Patel School of Technology Management and Engineering from 1 May 2022 to 30 June 2022.

He was part of G & PS – HHSS and successfully contributed in institutionalizing the projects assigned to him.

- Developed Automation Pipelines to generate Excel Workbooks, PowerPoints using Python, and created a Speech Activated Dashboard for COVID-19 data using NLP. Automated WhatsApp using Python to send daily reports automatically to a number of people.
- Designed Advanced Interactive Tableau dashboards to examine: National Family Health Surveys of India and parameters for the spread of COVID-19.
- Conducted comprehensive research for State Health Evaluation Reports and for Restructuring a Hospital's functioning (using Visio for Process Flows).

During the tenure of the internship, Devarsh Patel has diligently supported the projects and adhered to the timelines. He displayed good performance and gelled well with the project team and performed in line with the expectations.

We wish him all the best in his future endeavors

Yours sincerely,
for KPMG Advisory Services Private Limited.
